

Fabric Options

Following is a complete list of the fabrics currently available for De La Espada, Autoban, Leif.designpark and Matthew Hilton products. All fabrics are chosen for their luxurious texture, enduring performance, and rich colour.

Microfibre

Microfibre Suede

Our Microfibre Suede is a hardwearing man-made fabric with superfine threads for the lightest and softest pile.

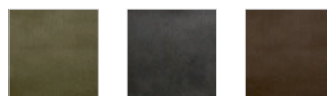

Cacao Chestnut Cream Slate

Stone Tobacco

Microfibre Silk

Our man-made Microfibre Silk has a smooth, silky surface with a unique texture.

Brass Zinc Copper

Leather

Our natural cowhide leather is soft and supple, its premium quality evident through the expansive and naturally consistent hides found on our furniture.

Liquorice Chai Chocolate Dune Ivory

Velvet

Our natural cotton velvet has a delicate softness and familiar warmth.

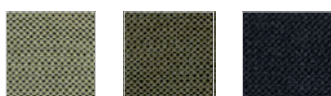

Navy Aubergine Moss Mushroom

Wool

Our natural wool fabrics are soft, hardwearing and suitable for all climates.

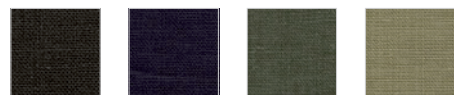

Charcoal Espresso Fudge Blackberry Basil

Limestone Ginger Black Pepper

Linen

Our Linen is made of natural fibres from the stems of a flax plant. It is hypo-allergenic with a hand-woven, rustic quality that is subtly luxurious and simultaneously utilitarian.

Bark Blueberry Eucalyptus Wholemeal

Sahara Sandstone
